 Min Yield: 117 bu/ac
 Avg Yield: 212 bu/ac
 Max Moisture: 25.2
 Min Moisture: 5.8
 Avg Moisture: 15.4
 Total Harvested: 14,969 bu

33% ↑

Sul4rPlus **39.68 acres**
High Yield – 296 bu / acre
Average Yield – 212 bu / acre

SUL4R-PLUS® Field Success

IT'S ALL ABOUT
THE PLUS

SUL4R-PLUS® Product Engineered to maximize the value of your crop.

New SUL4R-PLUS product is an innovative, in-demand pelletized sulfate proven to enhance soil quality and increase crop yields.

- High solubility for immediate impact
- Maximizes nutrient uptake for stronger crops
- Spreads evenly in one pass, saving time and money
- Market leader in quality and consistency

Growers everywhere are talking about the next big thing in nutrient optimization—SUL4R-PLUS product.

Proven to
increase
crop yields
